## A Message from your President

*Jim Copsey*

I am sure all of you are as happy as I am to enjoy the nice spring weather that has finally arrived. A special word of thanks to those who completed their term of service on

the Board last year: Wanda Kenney (co-activities) and Jeff Kempson (grounds). Thank you for your dedicated service to making the Woodlands a great place to reside.

The Board has already established a busy agenda for the year. We are continuing to review future plans for the baby pool. Multiple ideas have been discussed from simply repairing the pool to replacing it with a splash pad. Ultimately, our goal is to provide a lasting solution that is cost-effective and will enhance the value of the neighborhood.

We have extended the opportunity for our neighbors at the Woodlands Springs to purchase passes to utilize our pool this summer. And we are looking forward to hosting the conference swim invitational this year.

We continue to make improvements to the clubhouse and the surrounding grounds. Our co-activities directors keep increasing the weekly activities available while also tweeking our annual activities to better suit our current membership.

We will be upgrading our website and have created both a Facebook and Twitter account to keep up with the growing number of activities we are hosting. Posting on the social media sites will be restricted to board members. Hopefully along with our neighborhood email list, you will be better informed and we can increase participation in the wonderful activities the Woodlands provides. Please like our Facebook page at [facebook.com/WoodlandsCarmel/](https://facebook.com/WoodlandsCarmel/) or follow us on Twitter at [@WoodlandsCarmel](https://twitter.com/WoodlandsCarmel).

## Woodlands Homeowners' Association Annual Meeting Minutes

March 12, 2018

WHA President Tim McCullough opened the meeting at 7:35 p.m. He explained the board directors would talk about activities undertaken and the money spent on these activities over the past year.

**Pool Director** Ross Sexter noted it was a successful pool season with a great guard staff. Continuing to look at repairing or replacing baby pool. A company was hired to detect leaks from the pool. A splash pad to replace the baby pool was considered but tabled because it is cost prohibitive. Main pool is in great shape although a constant maintenance item. The board is aware of many who want to use the baby pool and working on getting it fixed. Currently hiring guards for the upcoming season.

Woodland Springs asked about using our pool while theirs is under construction. Could be revenue source and be neighborly gesture. Our pool will be hosting the swim team invitational this year. Movie night will continue as well as volleyball. Question: What is the timeline for repairing baby pool? A: Need warmer temperatures to test properly. Ready to move forward when temperature allows. Q: Would like to know a timeline for this repair. A: Goal is to have it up and running by Memorial Day weekend. Q: What is proposal for Woodland Springs using our pool? A: They asked if they could buy a summer membership. Had a full a discussion at last board meeting and hope to give an answer in a couple weeks. Woodland Springs estimates 10-15% of their 400 homeowners used their pool. (The attendees were asked for a show of hands in favor of allowing some use of our pool. The majority were in favor.) Q: Would there be a need for additional life guards? Would it be possible to extend hours? A: Last year not much use of pool after 7:30 p.m. but would adjust as needed. Already staffed for bather maximum so wouldn't need to use more guards. A suggestion was made to limit or cap available memberships.

**Clubhouse Director** Mike Pipke provided an update on clubhouse maintenance. He noted landscaping and tree removal in front of clubhouse. Sliding doors replaced in guard room. Vents in three bathrooms only went to rafters but now go out through roof. When crawl space was cleaned moisture was found. Repairs of sewer, plumbing, electrical, and gas issues were required. Plumbing and gas lines were replaced. A gutter system was added to the flat part of roof to eliminate water pooling and draining into crawl space. Some drains were plugged and had to be cleared. Now have an inspection on roof annually. Hope to encapsulate crawl space next. Shingles starting to separate and molding. Windows upstairs are not functioning properly and will need to be replaced. Offered to provide tours to anyone

interested in what has been done. In best interest to keep it looking nice for property value. Q: Why is \$35,000 for mens' bathroom? Probably won't be done this year but needs to be done at some point. The bathroom has two urinals and a stool in shower offering no privacy.

**Co-Activities Director** Amanda Tutino thanked everyone who participated in activities and is helping make neighborhood lively. Liz Harris is joining board due to Wanda Kenney's resignation. Liz identified up coming activities: Easter Egg Hunt, Garage Sale, July 4 Parade, End of Summer Picnic. Yoga was just added to the list of reoccurring events at the clubhouse. If anyone interested in joining social committee please contact Liz and Amanda.

**Tennis Director** Melinda Nash said new courts have been great. New furniture will be added this year. Looking for tennis instructors for summer. Fall lessons will be available this year. Q: Can the rules be posted on the board on the fence? All homeowners could help keep dogs and skateboards off courts. A: Yes, rules will be posted. Suggestions were made to put rules in next Acorn and for adult tennis lessons. Melinda said rules will be in Acorn and will see if there is interest for adult lessons. There hasn't been a lot of interest in the past.

**Membership Director** Linda Withrow reported 85% of members have paid their dues. Sent invitation to Class C properties to join the WHA. If you aren't getting emails about activities call Linda. Dues were due March 1.

**Grounds Director** Tim McCullough provided update on grounds. Previous Grounds Director had to resign for personal reasons. Explained board is following up on report made on dam inspection required by State. Two years ago a sink hole was repaired which led to inspection. An emergency plan is required to be prepared. Ongoing monumental task to get it together. Hope to have it done by next annual meeting. As well as any work that is required that needs to be done. Will be questioning water coming from upper area of lake that might be draining from new projects and construction. This could be adding stress to the dam. Q: Why does dam continue to be an issue? Isn't project done? Yes it was done but State would like more to be done to keep up compliance and safety. Q: Why \$10,000 budgeted for dam? A: It would be for maintenance. Rip rap washes down from spillway when rains are heavy. Need to replace rip rap. Trees that grow on spillway need to be removed. No major repairs that need to be done but do need to put rip rap back and complete emergency plan. Q:

Will there be another workday? Could we do rip rap as a community? A: Will be another workday and will see how much volunteers can do. Also talking about bigger boulders to hold riprap in place. Q: Have talked for a couple years about more accessibility and boat storage. When will that be done? A: Past Grounds Director did outline some plans for boat storage. Q: Is there a plan written down with a timeline for this work? A: Trying to put together a maintenance plan for where we are now; what needs to be done. Looking to engineering firm to identify what our priority projects should be. Q: Is bridge a total redo or facelift? A: Quote was for \$30,000 with handicap accessibility and would be metal. Have purchased ramps to make clubhouse handicap accessible. There will be new boat registration process.

**Treasurer** Dave Fellabaum provided proposed budget and past data on expenditures. Anticipates income of \$201,448. Day to day operation expenses estimated at \$174,198. Also includes some routine maintenance costs but no projects. \$27,000 remains for projects. Do have additional money in savings. This year spent \$39,000 over budget but on projects that had to be done. Sometimes what has to be done changes plans dramatically. Anticipate this will be another year of deficit spending. Projects that have to be done will take us into our savings. There is about \$90,000 in savings. About half way done with paying down loan on spillway repairs. Should be paid off August 2020. This was a 5-year loan at 4%. Q: Has there been a projection on revenue if Woodlands Springs uses our pool. A: No. Haven't concluded how that will be done. Probably won't be a significant source of revenue.

Tim introduced Vice President Jim Copsey who identified slate of new directors. Explained Vice President becomes

President; Vice President, Ross Sexter; Grounds Director, Tim McCullough; Pool Director, Andy Nist; Tennis Director, Melinda Nash. Co-Activities Director Liz Harris joined the board last month when Wanda Kenney needed to resign so asked Amanda Tutinto to return for continuity.

Jim Bauerle made a motion for the slate to be closed. Tony Bruges seconded the motion. Jim Bauerle made a motion for election by consent. The yeses carried the vote. Dave noted this is his last year as treasurer. Asked for people to consider running for treasurer next year.

Tim McCullough asked for new business. Jim Bauerle asked board to consider reducing postage expense of Acorn and have a committee hand deliver newsletter. Tim said it had been discussed. Need to find a crew to do that. Homeowner noted a problem becomes where to put them since they can't be put in mailbox. Linda said we are trying to get good email addresses and cell phones. Need to alert people if emergency with dam. Could stop mailing Acorn but some people don't want it through email want hard copy. Jim Copsey noted we are trying to be more electronic savvy with Facebook. Suggestion that if you want a hard copy you could come get it at clubhouse. Linda noted some people don't have computers. Jim offered to be part of a committee to look at delivery to avoid postage.

Tim welcomed anyone interested to attend a board meeting on the second Monday of each month.

Crime Watch Representative was not at meeting.

Dues drawing. Bill Love won drawing. Tim adjourned meeting at 9 p.m.
